How to Use this Guide

This Guide has been prepared to assist you in making an informed decision about purchasing a Medicare supplement insurance policy, sometimes referred to as "medigap." By law, all Medicare supplement plans currently available must be identical from company to company, so comparison for price is important! Not all insurance companies sell all plans.

Medigap law changed on June 1, 2010. Therefore, if you purchased a medigap plan prior to June 1, 2010, your plan benefits may look different than the current benefits offered for sale today. You do <u>NOT</u> have to replace an older medigap policy. You may keep your current medigap policy and it will continue to pay benefits according to its policy guidelines. The chart on page 5 lists the plans available for sale now and the benefits offered under each plan. In addition to the regular Medicare supplement plans A through N, plan F is also available as a High-Deductible plan (see page 13). Additionally, you may have the option of choosing a Medicare Select plan, which is explained on page 12.

Please note that medigap policies must be clearly identified as "Medicare supplement insurance" and that the company cannot include any additional benefits other than those outlined on **page 8**. Each rate chart lists the insurance companies licensed to sell those specific insurance plans in Illinois, and the **approximate amount they charge by age when you purchase the policy. Rates are quoted based on a regional zip code**.

Medigap policies currently sold cannot contain prescription drug benefits because of Medicare's prescription drug coverage, Medicare Part D, which began in 2006. However, if you had a medigap policy with prescription drug coverage prior to 2006, you **may** keep that policy. Medicare Part D coverage is provided through private insurance companies and/or Medicare Advantage plans offering prescription drugs.

The premiums listed in this Guide were approved and are on file with the Illinois Department of Insurance. These premiums were effective as of August 2012, but may change during the year. You can also contact the company for accurate premium information specific to your situation. Licensed insurance companies that sell only to groups and not individuals may not be included in this guide.

Please take time to read the valuable information printed in this shopping Guide. If you have any questions about this Guide, Medicare supplement insurance in general or Medicare prescription drug plans, you may contact the Illinois Department on Aging, Senior Health Insurance Program (SHIP) at: 1-800-548-9034; TDD number (217) 524-4872; or email SHIP at: Aging.SHIP@illinois.gov

Definition of Terms and Special Provisions

30-Day Free Look: You have 30 days after you *receive* a Medicare supplement policy to review the policy, cancel if you choose, and get a full refund of premium (less any Policy Fee charged at the time of sale). If you wish to cancel, it is recommended you return the policy directly to the company (not the insurance agent) by certified mail, return receipt requested.

Creditable Coverage: There are certain types of previous health insurance coverage that can be used to shorten or eliminate a pre-existing condition waiting period under a medigap policy. However, you cannot have more than a 63 day break in coverage between the previous health insurance coverage and your Medicare coverage.

Crossover: A formal agreement between Medicare Part B and the insurance company that allows your Medicare claim to be sent to your medigap company electronically. This eliminates the need to file paper claims with your medigap carrier. This information appears next to the company information on the rate charts.

Guaranteed Renewability: All standardized Medicare supplement plans are guaranteed renewable for life. This means that the company cannot cancel your policy **unless** you do not pay the premiums or you falsify information on your application.

Pre-existing Waiting Period: Unless you have creditable coverage, a medigap company may impose a waiting period of up to six (6) months for a pre-existing health condition you may have. This information appears next to each company's phone number on the rate charts.

Policy Application Fee: Companies may charge a one-time fee when you first apply for a policy within the 30-day free look period. The company does *not* have to refund this fee if you choose to cancel your policy within this 30-day period.

Standardized Coverage: Medigap policies sold in Illinois after 1992 are identical in coverage from company to company. For example, a Plan F sold by ABC Insurance Company has the same benefits as a Plan F that is sold by XYZ Insurance Company.

Open Enrollment Period: A person of any age going onto Medicare Part B for the first time has six months from the date their Part B coverage takes effect to shop for a Medicare supplement policy. **During this open enrollment period, you cannot be refused coverage** for any reason. Unless you have prior **creditable** insurance **coverage** (see definition above), the company *may* impose a waiting period for coverage of pre-existing conditions for up to six months, but it cannot refuse to sell you a policy if you apply within your open enrollment period.

Information for Disabled Individuals on Medicare:

In Illinois, people under the age of 65 on Medicare *due to a disability* have the same Open Enrollment rights as people 65 and older. Additionally, when you turn 65 you will be eligible for another six (6) month Medicare supplement open enrollment period due to age. This will give you the opportunity to purchase a medigap policy based on the age of 65, which may reduce your monthly premium.

PLEASE NOTE: If you are under 65 and receive notification of your Medicare Part B eligibility retroactively, your six (6) month Open Enrollment Period starts on the date you receive that notification.

Be aware if you are under 65, disabled and on Medicare and did not purchase a medigap policy during your initial six (6) month open enrollment period, you may be able to purchase a medigap during the same time period as the Medicare Part D Annual Election Period (AEP), which is October 15 through December 7 every year. Call SHIP for further details.

Additional Options for People on Medicare

Individuals on Medicare can apply for coverage under a Medicare Advantage plan, also known as Part C of Medicare, as an alternative to traditional Medicare. These types of Medicare health plans **must** accept anyone who applies for coverage, with the exception of most people who have End Stage Renal Disease (kidney failure). Four (4) types of Medicare Advantage plans are available to some or all Illinois residents who have Medicare, depending on where they live. Please note that you do not lose or give up your Medicare coverage. Medicare Advantage Plans cover Parts A & B of Medicare and may offer Part D prescription drug coverage as well. Persons who have their Medicare contracted through a Medicare Advantage plan do **not** need a Medicare Supplement Policy, as all their Medicare services must be obtained through their MA plan. The four (4) types of Medicare Advantage Plans are:

• Health Maintenance Organizations (HMOs) are only available in certain zip code areas and counties. HMOs utilize a network of providers, doctors, and hospitals, who have contracted with the HMO to provide services to their members. In order to utilize specialists, a referral must be arranged through a primary care physician. Please note that if you use an out-of-network provider, no payment will be made by the HMO or Medicare, which means that you will be responsible for the entire cost of those services. Exception: HMOs with a Cost Contract may cover services of non-network providers at a higher cost to you. Most HMOs are NOT Cost Contracts.

- Preferred Provider Organizations (PPOs) are also only available in certain counties in Illinois. PPOs may allow members to seek services outside of the PPO network and may charge higher co-payments for these benefits.
- Private Fee-For-Service (PFFS) plans are available in all areas of the state and differ from HMOs and PPOs in that they do not utilize a network of contracted providers. People in a PFFS may obtain services from any provider that accepts the plan's terms and conditions. Contact your providers before purchasing a PFFS plan to see if they will accept this type of insurance. If the provider does not agree to accept the plan, the insured person is responsible for all charges associated with the service.
- Special Needs Plans (SNPs) are plans which focus on individuals with special needs. Special Needs Plans may target enrollment to one (1) or more special needs identified as: 1) institutionalized; 2) dual eligible have both Medicare and Medicaid; and/or 3) individuals with severe or disabling chronic condition(s).

To inquire whether Medicare Advantage plans are available in your area or to obtain additional information about these plans, call the Illinois Department on Aging at 1-800-548-9034. A list of the plans available in Illinois can be found in the back of your current *Medicare & You Handbook*. You may also call Medicare at any time at 1-800-Medicare, which is 1-800-633-4227.

- The Emergency Room visit copay is waived if you are admitted in to the hospital pursuant to your ER visit;
- The Medigap plan will not reimburse you for these copayment amounts. They are your responsibility to pay.

Prescription Drugs are no longer available under medigap plans unless you retained an H, I or J policy issued prior to January 1, 2006. Medicare Part D provides prescription drug coverage through private insurance companies via stand-alone prescription drug plans (PDPs) or through Medicare Advantage plans offering a prescription drug benefit (MAPDs).

The "At Home Recovery" and the "Preventive Care" benefits are no longer offered in any medigap plan sold after June 1, 2010.

These coinsurance amounts are from 2013. Your medigap policy automatically updates to current year amounts.

Medicare Supplement Rights and Guarantees

In addition to the six month open enrollment period described earlier, federal law requires that Medicare supplement and Medicare Select standardized plans A, B, C, F, K and L be guaranteed issue, without pre-existing condition exclusions, in the following situations:

- You have Medicare and an employer group health plan (either primary or secondary to Medicare) that terminates or ceases to provide all such supplemental health benefits. If your employer plan is <u>secondary</u> to Medicare and <u>you elect</u> to disenroll, you have <u>no quaranteed issue rights</u>; or
- You are enrolled in a Medicare Advantage plan, which includes a Health Maintenance Organization (HMO), a Preferred Provider Organization (PPO), a Private Fee For-Service (PFFS) or Medicare Select medigap plan and move out of the plan's service area, or the insurer goes out of business, withdraws from the market, has its Medicare contract terminated, or the plan reduces its service area, violates its contract provisions or is misrepresented in its marketing; or
- You are insured by a Medicare supplement plan and the insurer goes out of business, withdraws from the market, or the insurance company or agents misrepresent the plan.

If you are covered under a Medicare supplement plan and discontinue that plan to enroll in a Medicare Advantage or Medicare Select plan, you have some <u>specific</u> guarantees. If you decide to return to the traditional Medicare program before the end of the first twelve months of your **first** enrollment in the Medicare Advantage or Medicare Select plan, you have the right to return to your original Medicare supplement plan, if it is still available from that insurer. **If it is not available,** you may select a Medicare supplement plan A, B, C, F, K or L from any company you choose. In either case, you would have no pre-existing condition waiting period.

Some special guarantees are extended to you if you enroll in a Medicare Advantage plan when you first become eligible for Medicare Part A and enroll in Part B at or after age 65. If you disenroll or are terminated from the HMO, PPO, or PFFS within the first 12 months of your enrollment, you are guaranteed to get **any Medicare supplement policy from any company selling Medicare supplement plans**. Again, no pre-existing condition waiting period would apply.

Note: With all of the guarantees mentioned, application for a Medicare supplement policy must be made within 63 days of disenrollment for the guarantees to be valid. Additionally, the company cannot charge more for these guaranteed issue policies, or exclude benefits due to health reasons.

If you are enrolled in a Medicare Advantage or Medicare Select plan, are moving out of the plan's service area and returning to the traditional Medicare program, you can notify the plan up to 60 days prior to the termination date you will disenroll from the plan. You can then apply for a Medicare supplement plan A, B, C, F, K or L during those 60 days prior to the termination date to have your Medicare supplement policy effective the first day you are returned to traditional Medicare. As long as you apply for your Medicare supplement policy within the period of 60 days prior to and 63 days after your termination date from the Plan, it will be guaranteed issue. You will have no pre-existing condition waiting period.

If you become entitled to benefits under Medicaid, you have the right to suspend your Medicare supplement policy for up to 24 months; meaning that the policy cannot be cancelled and you cannot be charged a premium during the suspension period. If you become ineligible for Medicaid benefits during this 24 month period and therefore need your Medicare supplement policy again, as long as you notify your insurer within 90 days of the date of your Medicaid ineligibility, your Medicare supplement policy must be reinstated without penalty and you will not have a pre-existing waiting period.

You can also suspend your Medicare supplement policy if you have insurance coverage with an employer-sponsored group health plan due to your employment or that of your spouse (or parents in the case of a disabled person). There is no limit to the amount of time your Medicare supplement policy can be suspended.

Premium Calculation Methods

The rates quoted in this Guide are for male non-smokers in specific regions of the state by zip code. Rates may vary depending on gender and the city in which you live. Rates listed are those in effect with the Illinois Department on Aging in August 2012.

For persons under 65 who become eligible to purchase a medigap policy, companies may not charge a rate higher than the highest rate on the company's current rate schedule filed with the Illinois Department on Aging. The rates contained in this guide are provided for general guidance. The actual rates for individuals under age 65 may vary from the highest rate in this guide. Please contact the company directly to get the actual rates.

Premium Calculation Methods: Insurance companies use three (3) different methods of pricing policies based on age.

- Attained Age: Your premium will increase as you grow older. Additional increases due to higher
 medical costs or higher than expected claim costs are also possible. For example, if you buy a
 policy at age 65, when you turn 70, you will pay whatever the company is charging for a person 70
 years old. However, any rate increase that occurs must apply to the entire class of policyholders
 in which you are categorized, not just to you as an individual.
- Most companies in this guide use the Attained Age Rating Method with the exception of Bankers Fidelity Life Insurance Company, which uses Issue Age Rating, and United Healthcare Insurance Company through AARP, which uses No Age Rating (see below).
- **Issue Age:** Your premium will always be based on your age at the time you purchased the plan. Any increases will be due to higher medical costs or higher than expected claim costs for the entire class of policyholders you are in. Even though you will have increases in your policy premium, the premium will not increase just because you are growing older.
- ➤ The only company in this guide using the issue age method is *Bankers Fidelity Life Insurance Company*.
- No Age (Community) Rating: The premium for a specific policy is the same for everyone over the age of 65, regardless of their age.
- The only company using this rating methodology in Illinois is *United Healthcare (UHC) through AARP*. UHC utilizes a two-tiered community rating, which offers a lower premium for people who apply for a medigap policy within the first 36 months of their enrollment in Part B of Medicare.

Rates: If you apply for a Medicare supplement policy after your open enrollment period has expired, some companies may charge a higher rate for smokers.

Medicare Select

Medicare Select is another type of Medicare supplement policy.

Medicare Select companies have the right to require you to use **specific** hospitals and doctors. This requirement does **not** apply in the case of an emergency. It is important to call the company to find out if they have a Medicare Select plan available in your area and that your preferred hospital is included <u>before</u> you decide to purchase this type of Medicare Select policy.

Medicare Select plans must be one of the standardized plans. If you do not follow the Medicare Select provisions, Medicare will pay its portion, but the Medicare Select company is **not** required to **pay** your inpatient hospital **deductible** or **copayments**. Please review your plan for specific guidelines. Medicare Select premiums will be lower than that same company's standardized Medicare supplement premiums. If you have had a Medicare Select policy for at least 6 months and then cancel it, you will have the right to buy a standardized Medicare supplement policy from the same company with comparable or lesser benefits regardless of your health status. Also, depending on your health status and the company's underwriting standards, you may be able to purchase a Medicare supplement plan with greater benefits.

Rates for Medicare Select plans are shown on separate rate tables. They are located directly behind those of the regular Medicare supplement rate charts.

Medicare Supplement High-Deductible Option

Another variation of a Medicare supplement policy available to you is a "high-deductible option" on plan F. Generally, the premium for a high-deductible plan F will be lower than that company's same Medicare supplement plan without the higher deductible. The benefits for a high-deductible plan F are identical to any other plan F. The only difference is that the plan will *not* pay benefits until you have met the deductible (the amount you must pay out of your pocket) for that calendar year. **The deductible for 2013 is \$2,110.** This deductible is adjusted each year to reflect the change in the Consumer Price Index.

In addition to the \$2,2110 deductible for plan F, there is also a separate \$250 per year deductible for the foreign travel emergency benefit.

Rates for Medicare supplement high-deductible plans being sold in Illinois can be found immediately following the Medicare Select rate charts as indicated by **FHD**.

These coinsurance amounts are for 2013. Your medigap policy automatically updates to current year amounts.

This Guide is updated annually. There may be companies offering Medicare supplement plans not included on this list because their plan was approved after the Guide was printed. Companies may also be listed that have ceased offering Medicare supplement plans after the Guide was printed. This Guide can also be viewed in its most current form and printed from the Illinois Department on Aging website. http://www.state.il.us/aging/

The website may have more current premiums than those listed in this printed version of the Guide.
